WORK BEGINS ON IRVINGTON SCHOOL ANNEX

A crew of Irvington men spent Monday and Tuesday at the Army air base located at Gardner Field dismantling three buildings that have been given to the Irvington Elementary School by the government for erection on the school grounds.

The three buildings, obtained through the office of the War Assets Administration, include a structure 25 by 99 feet to be used as a cafeteria, a 25 by 80-foot building for class rooms and a 37 by 99-foot building for the use of the Boy Scouts, Girl Scouts, Cub Scouts and other youth activities.

When dismantled the buildings will be trucked to the school grounds where they will be assembled. Gus Robertson, school principal, stated this week that it was doubtful if any of the buildings will be ready for use before Jan. 1 The cafeteria will be the first building to be erected.

The new cafeteria will be completely furnished with all accessories purchased from the War Assets Administration at a reported 100 per cent discount.

Present plans call for the use of the three temporary wooden buildings only until materials may be more readily obtained for the construction of permanent type buildings.

ALVARADO NAMED AS FIRST COUNTY SEAT BY PIONEER RESIDENTS IN 1855

FORMERLY PART OF SANTA CLARA CO.

When Alameda county was created nearly all of Washington and a considerable portion of Murray townships came from Santa Clara. Otherwise we should probably have had an Alameda Valley as well as the creek and the encinal of the same name; but the valley is still Santa Clara except in the memory of a few pioneers.

The original Washington Township, however, extended to the Guadalupe river, at the edge of San Jose, and it is easy to see how much more weight in county affairs this township might have if the line were still at Guadalupe.

Nearly all of the American settlers of the region and, indeed of the county, found their way to the Mission and then branched out in various ways, as opportunity offered.

Alcalde Smith was here—the only officer of justice anywhere between San Jose and Martinez. It was a great outfitting point for the mines, as much travel went through the Stockton pass. Along the bay shore were the famous old landings, then known as Larkin's, the Russian on Beard's Slough, Hedberge's, New Have (soon Union City) and others of still earlier fame.

FIRST ELECTION

The first county election in the county of Alameda was held in May, 1855, and June 6 the first meeting of the Court of Sessions taking place at Alvarado, the county seat. Hon. A. M. Crane was county judge.

The county was divided into townships, and a tax levy made. The first salary fund for one year was only $4,500. It is interesting to learn that a Jeuces del Campo or judge of the annual rodeos and of all cattle intrests, was appointed for the last time that year.

December 5, 1854, an election had been held to finally determine the county seat. Alvarado had 614 votes, San Leandro 782, San Lorenzo 220, Oakland but 18, Hayward 15. No town having received a majority, a second election was held December 30, at which Alvarado had 1967 votes and San Leandro 1301. It is said by some of the pioneers that over 500 "colonizers" were taken from San Francisco for this election.

The first board of supervisors was elected March 9, 1855, Henry C. Smith representing Washington Township. They spent $1,200.65 on county buildings in San Leandro (completed July 10 of that year), and they also spent $200 for a safe.

SEAT TO SAN LEANDRO

The removal of the county seat was fought in the courts, and on August 16 the supervisors again met in Alvarado but by February, 1856, the state legislature had confirmed the validity of the election, and San Leandro became the coun-

DATES SET FOR LIVERMORE RODEO

Dr. F. Leslie Herrick, secretary of the Livermore Rodeo, this week announced in San Francisco that tentative dates of the Livermore Rodeo for 1947 will be June 14-15.

He emphasized that dates were arrived at by voluntary agreement with fair managers attending the Western Fairs Association meeting at the Hotel Whitcomb but they must be reviewed and approved by local members of the board of directors of each fair before being regarded as final.

Other matters considered were methods to increase entries at California fairs which now number 161,000 exhibits competing for $2,000,000 in prizes, derived from taxes on thoroughbred horse racing; to improve role of fairs as "outdoor universities" and stimulators of improved output of farm, factory, workbench, school and art; to encourage mass participation in fairs as proving grounds of private initiative; to expand year around use of fairgrounds by the public.

MARY A. SANTOS DIES AT ALVARADO

Mary Santos, 77, a pioneer resident of Washington Township, died at her home on Creek Road in Alvarado, Thursday, Nov. 21.

She was a native of California and a member of S.P.R.S.I. Lodge No.21 of Alvarado.

She leaves to mourn her loss one son, George Santos, Alvarado, and her many friends of Washington Township.

Services were conducted from the Chapel of the Palms in Centerville at 9:30 a.m., Monday, Nov. 25, followed by a requiem mass at St. Anne's Church, Alvarado, at 10:15.

Burial was at Holy Ghost Cemetery, Centerville.

LOPEZ INFANT DIES

The body of Adela Virginia Lopez, 6-months-old daughter of Mr. and Mrs. Ranaldo Lopez of Alvarado, is at the Berge Mortuary Co. in Niles pending funeral arrangements. The infant died in an Oakland hospital Sunday.

TAVERN OPERATORS ASK FOR RULING

Tavern owners and operators in Washington Township are asking for a definite policy this week on their problem created by the forced installation of restaurants in their places of business.

Law enforcement officers have pointed out that minors are not allowed in the taverns. "But what," state the operators, "about the minors that will come into our places for a lunch or 'snack'?"

Members of the State Board of Equalization, on an inspection of taverns in the township early this week, stated that as restaurant operators the tavern owners cannot refuse service to anyone, regardless of age. The criminal investigator of the sheriff's office in Oakland when called by one operator yesterday, backed up the board's ruling with the statement that minors are entitled to enter the business places to eat provided they observe the curfew hours and do not create a disturbance.

"We are not soliciting business from the youths," one tavern owner stated yesterday, "but we would like a definite ruling from all law enforcement agencies to avoid any trouble."

HUSKIE-FREMONT GAME WEDNESDAY

Washington Union High School football team will conclude its 1946 schedule this afternoon (Wednesday) when it meets the Fremont varsity on the Fremont gridiron at 2:30 for the windup of the S.C.V. A.L. season.

The game was originally scheduled for last Friday evening but was postponed because of the storm.

The "30" teams of the two squads will meet at 1:30 for the curtain-raiser tilt.

DECOTO FIREMEN TO GIVE BENEFIT DANCE ON DEC. 14

The Seventh Annual Dance of the Decoto Fire Department will be given at the Newark Pavilion, Saturday, December 14, with Howard Frederic and his Band of Gold furnishing the music.

This will be the dance of the season. The public is invited and everyone is guaranteed a good time. From the advance sale of tickets a record crowd is expected.

PROPERTY AT SHOEMAKER TO BE USED AS JAIL

The Alameda County Board of Supervisors, through arrangements with the federal government, has leased the property at Santa Rita, formerly known as Camp Shoemaker Disciplinary Barracks, and made this available to Sheriff H. P. Gleason for use as a branch of the Alameda County Jail.

This property, comprising fifty-four acres or more of improved property, is ideal for this purpose, and with the alterations and modifications that the sheriff will make there, it will become one of the most modern jails in the United States.

There will be a new departure in the handling of persons sentenced to the county jail—instead of sitting in idleness behind bars, these people will be given an opportunity to rehabilitate themselves in the open air, doing useful things.

This is in line with the other modern improvements that Alameda County is now making.

In the opinion of Supervisor Chester E. Stanley, the acquisition of the former naval prison for use of the Alameda county sheriff's office is a splendid move and is also an economical one.

FOOTBALL TROPHY AWARD WEDNESDAY

The outstanding player of the Washington Union High School 1946 football squad will be awarded the Colburn Trophy at a banquet to be given members of the squad Wednesday evening, Dec. 4.

The dinner, which will be given under the sponsorship of the Washington Parent-Teacher Association will be prepared by members of the home economics class and cafeteria assistants, and served in the school cafeteria.

Guest speaker of the evening will be Irv Uteritz, assistant football coach at the University of California.

The Colburn Trophy, donated by the Colburn Studios of Berkeley, will be awarded for the first time this year. Recipient of the coveted trophy will be the member of the gridiron voted the most outstanding player with additional emphasis on attitude, scholarship and ability.

Canaries Must Be Tutored

NEWARK WOMAN'S PEDIGREED SINGERS RECEIVE THREE LESSONS EVERY DAY

If you have a canary and you want it to sing sweetly don't let it listen to the radio!

This was the advice given this week by Mrs. John Wolf, 641 Mulberry street, Newark, who raises pedigreed Roller warblers.

"Canaries are great imitators and will pick up false notes and shrill tones from radio and phonograph music," she stated. "You see, Rollers are low voiced canaries and should one learn to sing a high shrill note it would mean disqualification from the bird the canaries you have heard are in show."

And, to you folks who think that a musical rut and continuously chirp the same ditty over and over again, we might add that Rollers are capable of singing a variation of tunes and pitches such as Roll, Flute, Glucke, Hollow Roll, Burp champion and Bass.

Mrs. Wolf, who has raised canaries for the past ten years, bought her first pedigreed Roller last year by purchasing the champion of the Oakland International Roller, Canary Club show. This year she will enter her team of four new little songsters in the show which opens Dec. 2 in the Green Room of Hotel Leamington, Oakland.

The team, as Mrs. Wolfe calls the 4 contestants, were all hatched in March of this year and have been carefully tutored by last year's champion on just what tunes will please the judge's ear.

For one month previous to the contest the team is kept in separate cages in a darkened box and is brought out into the light three times a day for its singing lessons. The lessons last for one-half hour and are scheduled for 8 a.m., 12 noon and 6 p.m. Mrs. Wolf pointed out that it is not known at what time of the day the judge might want to hear the songs of each contestant so they are trained to sing only when they are outside their darkened cage whether it be in daylight or under electric lights at night.

QUIET, A CANARY LISTENING

Rollers, like some children, have big ears so they must be kept where they will not hear things they would repeat. For that reason they are never allowed to hear the singing of other kinds of birds.

The canaries of Mrs. Wolf look forward to each week-end for they are taken out of their small cages and allowed to fly about in the outdoor aviary and take their

TOWNSHIP PREPARES FOR THANKSGIVING; FAMILIES, FRIENDS JOIN IN OBSERVING THE HOLIDAY AT MANY FESTIVE AFFAIRS

With post-war pantries again replete with the good things that make Thanksgiving a time of feasting, township families are planning many festive occasions and gatherings for the holiday. With most of the boys home from Uncle Sam's services, and with many of the young people home from college, the family reunions promise to be joyous ones.

At the Loren Marriott household, Miss Helen Marsili of the University of California, a friend of Miss Shirley Marriott's, will be a dinner guest. The Marriots had half expected their son and new daughter-in-law to be present, but present plans of the young couple, who are expected to return soon from their honeymoon, seem to be indefinite. So, with their guest, that leaves Mr. and Mrs. Marriott, their daughter, Shirley, and their son, Charles, to make headway with the turkey and mince pie.

The Roland Bendels will entertain seventeen at cocktails before dinner, but their daughter and son-in-law, Mr. and Mrs. Frank Lombardi, and Mr. Bendel's brother, Colonel C. S. Bendel, will not be able to remain for dinner, so fourteen will sit down at the table. These include Mrs. Bendel's sister and husband, Mr. and Mrs. E. C. Wood and son, Edwin of Mill Valley; her brother and wife, Mr. and Mrs. Vernon Handley, and their two sons, and wives and a grandson, all of Stockton; and another brother and wife, Mr. and Mrs. Edwin Handley of Chico.

Mr. and Mrs. Tom Robbins are mixing family and friends at their Thanksgiving, to be held at their Adobe Acres home. Their guests will include Mrs. Robbins' mother, Mrs. H. Murmann; her sister and family, Mr. and Mrs. J. Grace and two children of San Mateo; Mr. Robbins' mother and sister, Mrs. J. Robbins and Miss Florence Rob-

ASK FORMER AAF PERSONNEL TO REGISTER ADDRESS

A nation-wide drive to list the names and present addresses of the 2,300,000 veterans of the Army Air Forces was launched this week in Washington Township

Cards which former officers, men and women of the A.A.F. are being asked to fill out and forward to General Carl Spaatz, A.A.F. commander, have been made available at various post offices in the township.

Purpose of the campaign, according to General Spaatz, is to bring up to date the Air Force roster of veterans at the request of the Air Defense Command, and to provide a means of quick communication between A.A.F. headquarters and wartime personnel.

General Spaatz declared that he hopes by this means to make it possible for former AA.F. members to know. the activities in which the Air Forces are now participating, the needs to carry out our programs in research and development, and our aims for the Air Reserve and Air National Guard.

His message to former members added that "we want you to feel that you are still on the team."

NEARS QUOTA IN DRIVE

Rev. T. Hennessey, pastor of Corpus Christi Church, stated yesterfday that the funds thus far received were nearing the goal of the quota here for establishment of Hanna Center for Boys.

Rev. O'Kane, pastor of Holy Ghost Church, Centerville, reported this week that his parish had attained its quota.

INCORPORATION SURVEY STARTED IN CENTERVILLE

The second move in the past eight years toward the incorporation of Centerville has been investigated by the taxpayers of that community.

The new survey of opinion is being conducted in the community by the Chamber of Commerce. Loren Marriott, president of the Chamber, has announced that he will appoint a committee to study the advantages and disadvantages of municipal government.

Marriott was quick to state that the C. of C. was not sponsoring a move to incorporate but merely acting on the suggestion of many taxpayers that a survey be conducted to determine the desires of the residents of that community toward such a move.

A similar survey was conducted by the Lions Club of Centerville eight years ago but no action was taken when the majority of residents of the community disapproved municipal type of government.

Marriott stated Tuesday that a public meeting will be held in Centerville shortly after January 1, at which time speakers will debate the pro and con of the issue.

CENTERVILLE P.T.A. MEETS NEXT TUESDAY

Tuesday, December 3, has been set as the next meeting day of the Centerville P.T.A. The meeting will be held in the school auditorium at 2:30 o'clock.

All members are urged to attend as plans will be formulated at this time for future meetings and activities.

COMMUNITY CHEST DRIVE

Members of the Washington Township Community Chest fund-raising committee reported this week that they are receiving a hearty response in all communities.

Reverend Father Reardon of Lisbon, Portugal, is a guest at the Dominican parsonage with Reverend George Bourque. He is the vice president of the English Seminary in Lisbon where they train priests. He is a native of England and has been in Portugal for the past three years.

Mrs. Thomas Santos of Burlingame has been quite ill with the flu for the past week and her mother, Mrs. Lois Bottenberg, spent the week-end there with her. On Sunday, Miss Marjorie Caldwell accompanied Sgt. Harley B. Justus to Burlingame to see his sister Ruth (Mrs. Santos) and have dinner at their home.

Miss Eda Beronio who resides at the Gallegos Estate, has been in the southland visiting Mrs. C. Reynolds at Los Angeles and enjoying the wonderful (?) Chamber of Commerce weather, Sunny California. Do you have your water wings?

Reverend Father Joseph Lawrence of St. Mary of the Palms who returned to the school the last of the week from the hospital was again rushed there Monday. He is due to undergo a quite serious operation. All the girls and Sisters are rather perturbed about it and along with the rest of the town which him a complete recovery very soon.

It seems that hospitals are the fad lately, but none of us like the idea any way, but Earnest Frei, our local shoemaker, has just returned from one where he underwent surgery and is doing very nicely at his home here.

William Fernandez, who owns the Fig Tree Service Station, has been busy the past month constructing a new building on his station property. Some say a home, some say a business and others say a garage. What is it, Bill?

Spending the week-end in Modesto at the home of her sister, Mrs. Louise Kahn were Mrs. Rose Telles and daughter, Rosemary. Also Leland Telles and wife and sons, David and Jerry; Mrs. Helen Machado and Pfc. Mervin Telles, who was home from Camp Beale, and his wife, Irene.

Friends of "Teddy" Pereira will be glad to know that she was not hurt in the wreck of the "City of San Francisco" out of Chicago on last Saturday. She phoned through that she was OK but has been taken to Monroe for treatment of shock. She returned to the home of the "Bud" Tetricks in Mooreland, Indiana, where she has been visiting for the past month as she was not able to get reservations until November 30, at which time she will resume her journey home.

Mrs. William Lawrence spent the past week in Sunnyvale at the home of her daughter, Mrs. Leonard Amaral and family where she acted as nursemaid to Mrs. Amaral, who has been quite ill with the flu. On Friday evening Miss Virginia Lawrence also went to her sister's and remained over the week-end, coming home with her mother on Sunday.

Frank Silva, who has been very ill here at his home on Vallejo street, was taken to the San Jose Hospital last Friday with pneumonia and complications. He is in a very critical condition at this writing.

Little Wynn Buck, son of Mr. and Mrs. Edwin Buck of Hayward, spent a couple of days last week with "Zuzu," aunt Lena Solon to you folks.

The Sesquicentennial Board meeting will not be conducted until after Thanksgiving as it would inconvenience a number of the members. It is expected that the next meeting will be called on December 6 at the Mission Grammar school, according to chairman Reverend Renault. The dance committee cleared a bit over three hundred dollars at their recent dance at Linda Vista Ballroom. This is the first substantial sum they have accumulated as a committee. Later there will be another dance and some card parties to help out. Donations are very acceptable and appreciated for it wil take a great sum of money to put over such a huge undertaking.

Mr. and Mrs. Melvin Callahan of Los Angeles are remaining for the holidays here with his mother, Mrs. Mamie Callahan, following their arrival to attend the funeral of their father, Edward James Callahan.

A bit late for last week's news was the very gay little party Mrs. Eddie Rogers on the Sunol given at the residence of Mr. and Road, for their son, four-year-old Ernie, who entertained his little friends and their grown-up daddys and mommies with games and opening of some very lovely presents. He had a huge birthday cake and four bright little candles, along with other refreshments served by his mother with the help of some of the ladies.

These were his guests: Marilyn and Dorothy Rodrigues, and their mother, Mary; Joanne and Marvin Reis and mama Reis; Judy Santos and grandmother Etta, and son Albie; Rodney and Robert Albert; Francis Mayer, Dennie Oliveria; Lawrence Garcia and his folks, Mr. and Mrs. Joe Garcia; Mr. and Mrs. Clarence Oliveria, folks of Dennie; Eva Mayer, mommie of Francis; Emily Fugundes, who was visiting the Joe Garcias; and Miss Edith Rogers, aunt of the little host, and Miss Dolores Garcia, not to mention little sister Karen Rogers and mother and daddy Rogers.

THERE SIMPLY ARE NOT ENOUGH NEW CHEVROLETS TO GO AROUND

We are getting our fair share of the current production of new Chevrolet passenger cars and trucks. And as strikes and shortages decrease, as the Chevrolet plants are able to produce more and more new passenger cars and trucks, we'll get more and more of them to deliver to our customers.

Meanwhile, as long as shortages do exist, it is our purpose to apportion our share of the new Chevrolets available fairly and justly among the many customers, new and old, whose continued friendship and patronage are the keystone of our business.

So that you may have no doubt as to our method of distribution of new Chevrolet passenger cars and trucks, we make the following—

DECLARATION OF POLICY

1. PRIORITY OF DELIVERY—New Chevrolet cars and trucks will be apportioned on the basis of: (1) essential public services, (2) veterans' occupational requirements, (3) priority of date in placing orders.

2. PRICES—All new Chevrolet cars and trucks will be sold at the authorized prices current at time of delivery.

3. TRADE-INS—No trade-in will be required from any customer who does not have a car to dispose of at the time of the transaction. Customers who do have cars will be given allowances based on honest appraisal and fair value at the time of delivery.

4. ACCESSORIES—No customer will be asked to purchase accessories as a condition of securing delivery.

5. STATUS OF ORDERS—Customers will be informed, upon request, of the true status of their orders in our files.

6. NEW ORDERS—We welcome your order for a new Chevrolet at any time.

WE THANK YOU FOR YOUR PATIENCE AND LOYALTY IN AWAITING DELIVERY OF YOUR NEW CHEVROLET

Thanksgiving

It's a good thing that we have a special day for thanksgiving every year. And we should use the occasion not merely for feasting and fun but to quietly contemplate the many things we have to be grateful for.

Too many of us are inclined to accept the benefits and blessings of our experience as a matter of course, but we complain loudly and more or less constantly about its unpleasant phases.

Although we live in an age of great material comforts and conveniences, life is not easy. We have passed through trying years of war. We face trying years in peace. Economics, politics, international relations, family and social life all pose problems which press isistently for solution.

But despite all this the good far outweighs the bad. We must not forget, for instance, that in the recent war our land was untouched by its violence. Our families were never subjected to sudden death from the sky, our homes were not demolished nor our fields scarred by the fury of battle.

For this alone we should be thankful not just on one day of the year, but on every day.

Since V-J Day the dire predictions of large unemployment and depressed economic conditions have not materialized. On the contrary, there are still more jobs than men to fill them, and our nation continues prosperous. This, too, is cause for gratitude.

Yes, the very fact that we are Americans and live in this rich, productive land of ours, enjoying a freedom of speech and action such as few nations have today, is in itself something that calls for deep thanks.

May we as individuals and as a nation cultivate thanksgiving as a daily habit rather than limit it to a special ceremony on a special day. By so doing we shall make ourselves better citizens, our nation a better nation, our world a better world.

The grand opening of the Sears-Houston store on Saturday, November 23, was a "grand" success. Drawing for the eight door prizes was held at 7 p.m. that evening. The first prize, which was still unclaimed on Monday, is an electric mixer—No. $18081. Other door prizes in succession were: blanket, Mrs. June Ennes; heater, Mrs. Mary Montero; aluminum pot, Robert Carter; juicer, Mrs. Aganon; toaster, Mrs. Blythe; percolator, Mrs. Polly Pine; iron, Bernice Caldeira.

Mrs. Ralph Bangle left for San Andreas on Saturday where she will spend several weeks with her husband. Mr. Bangle came up from his place of work to make the return trip with his wife.

The Knotty Pine Inn is displaying a new modern door at its entrance, installed this past week. The Inn is operated by Mr. and Mrs. James Neves. Speaking of the Neves, their son, Dennis, was "hunting" for his puppy, who had evidently ran away, on Sunday. The little master found the runaway romping playfully in the George Marshall back yard, with their daughter, Pam's, dog. On leaving, Dennis was heard to say, "Gee, now I win the dollar for finding my puppy," and home he dashed to collect his reward.

Sixteen members of the Newark Sportsmen's Club spent Saturday bass fishing at Frank's Tract, on a large party boat. Not many of the fellows made a "catch," but the day of relaxing out-of-doors and "getting away from it all" was enjoyed by the Sportsmen.

Mr. and Mrs. Bud Kettman enjoyed dancing to the music of Jimmy Newby on Saturday night at the Alameda Hotel.

On Thanksgiving day the Kettmans will entertain. Dinner guests will be Mr. and Mrs. Ed Kettman Sr., Mr. and Mrs. Herb Lacey and son, Mr. and Mrs. Ed Kettman Jr., Jo Ann and Nancy, Mr. and Mrs. John Freitas Sr., and Eleanor and David, Miss Esther Jergentz and Mr. and Mrs. John Freitas Jr. "We"—the McNieves—who are also a part of the family, will spend this Thanksgiving at the home of my husband's relatives, Mr. and Mrs. Stewart Martin, of Castro Valley.

Mr. and Mrs. Donald Maciel proudly announce the arrival of little Miss Marilyn Jean, born to them Tuesday, November 19, at the Hayward Hospital. Mother is at home and doing fine; daddy—well, he's still passing out cigars; and their six-year-old daughter, Carol, thinks Marilyn is okay.

Miss Waunita Hudson had as her guest on Monday Mrs. Bob Merrill of Irvington. The two young matrons were high school friends and are seeing to it that they keep in touch with one another. Mrs. Hudson was very excited and quite happy as she was expecting a telephone call from her soldier husband, Pvt. Luther Hudson, who left Fort Bliss, Texas, and was to arrive at Fort Ord on Monday. Private Hudson will be having Thanksgiving dinner at home with his family if everything goes as planned. If not, the family will go to Monterey.

Richard and Leonard Laudenslager witnessed the "Big Game" Saturday between Stanford and Cal. at the Memorial Stadium.

Mr. and Mrs. Henry Fields had an enjoyable week-end. On Saturday night, accompanied by Mr. and Mrs. Bud Marshall of Niles, they attended the theater in Oakland; and on Sunday, dinner guests at their home were the Bud Marshalls, Mr. and Mrs. George Smith and son, George, of Decoto, and Miss Louise Costa, affectionately known as "Aunt Louise" in our town. Thanksgiving day will find the George Marshalls, Pam and Jerry, as guests at the Fields home.

Mr. and Mrs. John Freitas Sr. motored to Atwater on Sunday in their new 1946 car. They visited with Mrs. Freitas' aunt and uncle, Mr. and Mrs. John Medeiros.

Mr. and Mrs. Anthony Silva and children of Elm street spent Sunday in Gustine, with relatives. Clifford Fields also went along and he and their son, Alvin, enjoyed the day goose hunting.

Mrs. Paul Gygax has been "under the weather" this past week with a severe cold but Thanksgiving day will find her busily preparing dinner for her family. Those present at the Gygax, senior, home will be Mr. and Mrs. C. Champion, and two children; Mr. and Mres. Frank Gygax, and Mr. and Mrs. Paul Gygax Jr. of Oakland.

Children of the Newark Grammar School are enjoying the week's vacation away from their studies and after devoting their time to playing, should do justice to the traditional Thanksgiving turkey.

PLACE MAXIMUM ON SCHOOL LUNCHES

Members of the Alvarado School Board voted this week that effective Dec. 2 no family sending their children to the Alvarado Grammar school shall have to pay more than thirty cents per day for the school children from any one family eating their lunches in the school cafeteria.

The new ruling means that parents will have to pay fifteen cents per day for the first two children, the rest of the children from the same family receiving their lunches free of charge

The announcement was made by Leslie H. Maffey, school principal.

TAXES DELINQUENT AFTER DEC. 5

Some thirty thousand taxpayers as yet have failed to call or write in for their current property tax bills, according to County Tax Collector Edwin Meese Jr., who urges that the remaining bills be obtained without delay inasmuch as the December 5 delinquency date is close at hand. "Taxpayers must not expect delivery of their bills by mail unless a written request for such service is on file," Meese states.

Receipts at the end of the past week totalled $5,916,385.23, approximately one-third of the amount expected to be collected by December 5.

New Curio Shop Will Open Here

Mr. and Mrs. Frank Barner, Niles, have announced that they will open their new Curio Shop located at the intersection of San Jose Highway and Centerville Road, one-half mile south of Niles on Thursday, Nov. 28.

Barner, who earned the title of Abalone Slim while making all types of lamps and jewelry from abalone for sale at the recent Golden Gate International Exposition at San Francisco, has a beautiful assortment of lamps, trays, plaques and jewelry, featuring butterfly wings and polished shells.

The new shop will formally open on Thanksgiving Day and will be open each day of the week during the afternoon and evenings until 9:00 p.m.

FRIDAY REVIEW OF LITERATURE

By GRACE C. BLADE

26 DAYS TO CHRISTMAS MASS!

December is the month of the winter solstice when the sun begins to shine a little longer each day and spring is approaching. This was celebrated in pagan days by a great festival and kindling of small lights or "new-born suns." Our day commemorates the birth of the "Sun of Righteousness" and "Light of the World," Jesus Christ, and we exchange gifts in token of God's great gift to us.

The first Creche or "Holy Crib" was set up in 1223 when St. Francis of Assisi used real animals and a young mother and baby to represent the Nativity of Christ.

Carols have been sung at Christmas from very early times.

LOGS GOVERNED HOLIDAYS

In northern countries in old times the length of the holiday was measured by the burning of the Yule log in the great fireplace. Thus the largest one possible was dragged in and sometimes burned for several days.

The Christmas tree comes to us from Germany and this practice and that of decorating houses with branches and leaves dates back to pre-Christian times. English children "borrow" a living fir tree from their garden, transplant it into a tub and decorate it for their indoor festivities. Afterwards it is replanted in the earth.

ITALIANS BEGAN CUSTOM

Hanging the Christmas stocking is an old Italian practice whereby good children receive gifts and naughty ones only ashes.

Dutch children have their little wooden shoes filled by the good Saint Nicholas.

The Chanucah or Feast of Lights of the Jewish faith occurs at this time and gifts are exchanged and traditional rites observed.

Centerville Library has plays, poems, short stories to read aloud, long stories for adults, carols, speeches, sermons, prayers, suggestions of all kinds:

CHRISTMAS BOOKS LISTED

"Christmas in Legend and Story" by Smith and Hazeltine. Contains beloved stories, poems and legends and beautiful reproductions of famous paintings.

"Christmas Everywhere!" by Sechrist. Customs of many lands.

"Fireside Book of Christmas Stories" edited by Wagenknecht. A great new book of all the best old tales for young and old. Contains: A Visit from St. Nick, Christmas Carol, The Other Wise Man, The First Christmas Tree, The Birds' Christmas Carol, and many others.

"One God: The Ways We Worship Him" by Fitch. Shows how the children of Catholic, Protestant and Jewish faiths learn their own ways of worship.

Also many others and party helps, too.

CHRISTMAS SEAL SALE STARTS NEXT MONDAY

Next Monday, Dec. 2, marks the opening in the township of the Christmas Seal Sale which is conducted under the auspices of the Alameda County Tuberculosis and Health Association.

Mrs. James R. Whipple has been named general chairman of the Washington Township committee of the sale, and will be assisted by several town chairmen, including Miss Mildred Nauert, Alvarado; Mrs. Allan Walton, Centerville; Mrs. A. A. Amaral, Decoto; Mrs. A. D. Hirsch, Irvington; Miss Anita Gallegos, Mission San Jose and Warm Springs; Mrs. E. H. Harris, Newark; and Edward Enos, Niles.

COMMITTEE HEAD NAMED FOR NEWARK BOY SCOUT TROOP

The Newark Boy Scout Troop this week completed steps to reorganize the group for active participation in the Scout program. Newly registered chairman of the troop committee is Mr. McGregor, who was active in the troop before being called to active duty during the war.

T. C. Gunn, S. C. Scott and S. R. Truscott are listed as committeemen. Richard Texera is the scoutmaster. Richard has been registered in the Newark troop all during the war with his registration classified as "in military service." He is one of the many Washington Township scouters who have returned to take up their Scouting service since the war ended.

HISTORY

ty seat until March, 1873, when it was removed to Oakland after a stormy election, but not to its present location on Broadway; the supervisors accepted a site offered by the Larue estate in Brooklyn, and attempted to erect a building there.

Again the legislature and the courts were appealed to, and Broaway secured the prize. But this digression has carried us fairly beyond the modern period.

The earliest assessment roll in Alameda county in existence is that of 1869. The proud old Spanish families whose names then appeared upon the roll have practically disappeared. Most of the American land owners are dead; some left little, others much. The 1897 assessment roll, compared to this, shows hardly a name alike. New families are becoming owners of Washington Township.

LEFT BRAVE RECORDS

Still the pioneers have left brave records here, and their children's children will long tell the story of the past, until, when California has its 30,000,000 people, and the 25th century is here, traditions of these sturdy pioneers will yet remain. Their generous failings will be forgotten; their many and splendid virtues will be remembered in tale and story.

The FARMERS CORNER

by RALPH H. TAYLOR
Executive Secretary
Agricultural Council of California

Every week or so our country shrinks a bit smaller, when a new airplane speed record is set, and more minutes are clipped off transcontinental travel schedules. A man may eat his breakfast in Los Angeles, do business over a quick lunch in Kansas City, and eat dinner in New York.

All the more in contrast has been an opposite tendency in the relation of the American people to their federal government—a progressive widening of the gap of understanding between the men who do the people's business in Washington and the home communities those men represent.

KNOW YOUR CONGRESSMEN

The machinery of government has become so vast, so complex, so unwieldly; with so many agencies and bureaus that the average citizen can't name the half of them, or be sure which has been created by act of Congress or by executive order; with so many bills and resolutions poured through the legislative hoppers that even the voting record of their own congressmen is hazy in the minds of the people of his district.

In this respect, Washington seems at a dim, almost interplanitary distance from every American community, wherever it may be located. This serious impediment to effective democratic government —to congressional sensitiveness to the will of the people and responsiveness to that will—is becoming a matter of concern to the thinking man on Main Street and to the conscientious man in congress who seeks sincerely to serve his constituency intelligently.

In striving to bridge this gap and the people he represents, a California congressman, John Phillips of Banning, has adopted a procedure so simple and workable that it seems worthy of study by other legislators—state as well as Federal.

INVITES LETTERS

Congressman Phillips makes a weekly report to the people who gave him his office. He tells them what is "going on" in the halls of congress—what is transpiring and what may be expected to transpire. He reports to them on his every vote on proposed legislation, and explains his stand in terms of what he conceives to be their best interest. He informs them on his future plan of action on matters pending—and invites every citizen to inform him by letter on his legislative wishes.

He does this by the device of a simply written report—a sort of Cross between a personal letter and newspaper column — titled "I Rise to Remark." He mails this to every newspaper, large or small, which circulates in his district, the area comprising Riverside, Imperial and Orange counties. The papers print the column as a public service; and so the people know at all times what this representative is thinking, doing and planning to do—and are kept informed on many matters of special local interest that are not included in the daily grist of news from Washington.

If liasion between lawmakers and the electorate were closer at all times, the time lag between public thinking and governmental action would not be so great as it generally is. The OPA, as Phillips pointed out in a recent column, was discredited in the public mind long before the congress became aware of the fact.

The Petrified Forest National Monument is in Arizona.

WEEKLY WAGES UP 63%
STEEL PRICES UP 18%
OR LESS THAN HALF A CENT PER POUND

STEEL is used in making most of the things you buy—from paper clips to automobiles and refrigerators.

Higher labor and other costs have pushed up the price of almost everything you buy. But steel has gone up much less than most other products.

Since 1939 steel prices have risen less than 18 per cent,* compared with 44 per cent* for consumers' prices generally.

At an average price of only three cents a pound, steel is the lowest priced of all the metals.

BUILDING OF THEATER DELAYED

Construction of the drive-in theater between Hayward and Niles will have to be postponed until March, according to announcement this week from government authorities.

Silva Brothers, contractors, had already graded the spot located near Tennyson, and were making plans for going ahead with the structure, when work was stopped and materials curtailed because of regulations limiting building to residences.

The theater, which was to have been finished by March, will now be only in its initial stages by that time.

NAVY RECRUITER TO GIVE ADDRESS

Boys of the Washington Union High School Senior class will hear a talk by G. W. Johnstone, C.B., United States Navy, in the school auditorium, Dec. 3, at 1:45.

Chief Johnstone, navy recruiter at the Oakland Recruiting Station, will outline the opportunities offered to high school graduates by the Navy.

In a letter to superintendent J. V. Goold this week Chief Johnstone stated that the Navy now has a plan whereby a high school graduate may attend any designated university for four years at the expense of the Navy and be commissioned an officer upon graduation. He stated that there are also openings for young men interested in becoming naval aviators.

The 12-mile long San Mateo toll bridge across the bay was completed on March 3, 1929.

IRVINGTON THEATER CHANGES OWNERS

Ownership of the Irvington Theater was assumed this week by Leo J. Thiel, veteran western showman, who this month retired from war service.

Thiel and Wilson T. Boy purchased the theater from Neill M. Toohy and Turner J. Barton, San Francisco, war veterans, who said they were "reluctantly leaving Washington Township only for the purpose of explaining operations, and acquiring a larger theater."

Plans for a broad program of remodeling and improvement of the Irvington Theater were announced by Thiel, who said work on the project "will get underway at once." He has established temporary residence adjacent to the theater and plans to move his family to Irvington as soon as possible.

Thiel, who is married and the father of two children, was engaged in theater management in Idaho for 12 years before entering war service for the Navy Yards in 1941.

GOOD TURNOUT FOR CUB SCOUTS OF NEWARK

Torrents of rain failed to dampen the enthusiasm of the 40 Club Scouts and parents who attended the first Cub Scout get-together of the season, Frdiay night at the Newark Youth Center.

Don MacDougall, Boy Scout executive of the area, and Assistant Scout Commissioner Phil Sousa, spoke on the important part parents play in the Cub Scouting program.

Newly recruited Den Mothers introduced were: Mrs. Fred Melhase, Mrs. Vincent Kaehler, Mrs. Tony Fragulia and Mrs. Kenneth Foster. Mrs. Stella Di Geronimo will act in the capacity of assistant den mother.

The registration of six new cubs at the meeting brought to 30 the number of registered Clubs.

E. H. Harris, chairman of the Cub committee, said, "We are highly pleased with the response we received to our plea for den mothers, and feel sure the Cub Scout program in Newark is now off to a fine start. Cubs will be assigned to dens within the next two weeks and regular den meetings will begin."

Movies, furnished through the Tobias Company of Oakland, and refreshments provided by the Cub committee concluded the evening's program.

HIGHWAY FUNDS FOR COUNTY

Alameda County received $1,475,118 in state highway funds during the year ending June 30, 1946, a decrease of 5 per cent from the $1,552,410 of state funds during 1941-42, California Taxpayers' Association said this week, making public its study of state apportionments of highway funds to California counties. For 1939-40, the association said, state highway funds apportioned to this county totaled $1,332,839. Apportionment for 1943-44 totaled $1,220,359.

Over the state as a whole, the state apportionment of highway funds to the 58 counties totaled $22,838,371 for 1945-46, down 4.7 per cent from the $23,974,420 for 1941-42. For 1939-40, state support of county highways amounted to $20,635,546, and for 1943-44 it was $18,244,863.

DRIVING COURSE FOR STUDENTS

A one-month class on safe driving will begin next week at the Washington Union High School for students of the Junior class as a part of their third year social studies.

An instructor will be sent to the school from the county school superintendent's office to conduct the classes.

J. V. Goold, school superintendent, stated this week that an attempt is being made to secure the use of a dual-controlled automobile to be used as a highway classroom.

The class in driving is offered to the third-year students each year to better acquaint them with the rules of the road and place emphasis on safe and sane driving. The course will be concluded by the end of the first school semester.

Sportsmen's News

California hunters continue to bag limits of ducks wherever feed and water conditions are satisfactory, the Associated Sportsmen of California reported this week.

Despite the statement by the U.S. Fish and Wildlife Service that the duck flight is down considerably from that of last year, the Migratory Waterfowl Committee of the Associated Sportsmen reported the condition apparently is not true of California.

The committee pointed out that the report given by the Federal Bureau did not include any Pacific coast state except Washington and conditions there were said to be good. Also the U. S. agency said field reports from Utah were very good.

Eastern and mid-western regions were those which seem to be suffering a duck scarcity. Some sections are said to be down 30 per cent from last year's duck flight.

What the U S. report will mean in the way of bag limit and seasonal changes to California hunters next year is problematical. However the Associated Sportsmen declared a determined effort will be made by its organization to have the Pacific coast region treated according to its own hunting potential.

Kermit Y. Linstedt, Sierra National Forest supervisor, tendered his heartiest congratulations and appreciation to organized sportsmen for their care with gre in his region during the recent deer season, the Associated Sportsmen of California reported this week.

An estimated 20,000 hunters invoded the Sierra forest this season but one fire was attributed to a hunter and that one was extinguished by a packer and reported to the rangers later.

"I believe . . . it has been due to a keener appreciation of what forests mean . . . on the part of local sportsmen . . ." Linstedt's letter stated.

The privately owned monument will be constructed of concrete surrounded by beds of flowers. Atop the monument will be arranged several strands of barbed wire, a reminder of the suffering of the prisoners of war. The inscription on the monument will read, "This monument erected in memory of prisoners, civilian and military, who were brutally and needlessly killed in World War II.

DON FORE CLAIMS BRIDE AT CANDLELIGHT CEREMONY

On Saturday, November 23, at the Lakeside Baptist Church in Oakland, Miss Beatrice Self of Canyon Heights and Mr. Don Fore of Niles, were united in marriage at a lovely candlelight service. The Reverend R. W. Goodman officiated at the five o'clock double ring ceremony.

Preceding the service, the ushers, Mr. T. N. Hale of Denver, Colorado, brother of the bride, and Mr. Sidney Westray, lighted the seven branch candleabra on either side of the altar while the organist played soft music. A soloist then sang "Because."

The bride was dressed in a formal blue gown and a small blue veil, with white accessories, and carried a bouquet of red roses. Her matron of honor, Mrs. Sidney Westray, was dressed in a formal white jersey and carried a bouquet of sweet peas and bouvardia. Mr. Russell Jones was best man.

Following the ceremony, a reception for relatives and friends was held at the home of the bride's parents, Mr. and Mrs. Clarence Hale, in Canyon Heights. Among those present were the bride's brother and sister-in-law, Mr. and Mrs. T. N. Hale from Denver, Colorado; her sister, Mrs. Walter Chrysler; Mr. and Mrs. Sidney Westray, Mr. and Mrs. Lou Nielsen, Mr. and Mrs. Gordon Marshall, Mr. and Mrs. Ernest Matthews, Mr. and Mrs. Ray Mohon, Mr. Russell Jones and Miss Bernice Beach.

Mr. Fore is employed at the Pacific States Steel Mill. He and his new bride left immediately after the reception for a brief honeymoon trip. They will make their home in this vicinity.

Centerville Newlyweds To Live in Irvington

Honeymooning at Felton are newlyweds Loren Richard Marriott of Centerville and his bride, the former Virginia Lee Grant of Manteca.

The couple, who were married recently at St. Anthony's Catholic Church in Manteca, will return shortly to make their home in one of Mrs. Hirsch's apartments in Irvington.

The benedict, the son of Mr. and Mrs. Loren Marriott of Centerville, met his bride when they both attended San Jose State College. He served for three and a half years with the Army Engineers. Part of that time was spent at Guam and Okinawa.

The new Mrs. Marriott, daughter of Mr. and Mrs. Gooding Grant of Manteca, chose Miss Shirley Marriott, sister of the bride-goom, as her maid-of-honor at the formal wedding. Her other attendant was Miss Peggy Fronefieldt of Stockton.

The bride wore an ivory satin gown with long train, and long veil fashioned from a veil her grandmother wore at her wedding.

Miss Marriott was attired in a blue-gray formal and carried a bouquet of sweet peas, roses and forget-me-nots. The bridesmaid was similarly attired.

Doing best man honors was the bride-groom's brother, Charles Marriott. Roy Mathiesen also was an attendant. Ushers were fraternity brothers of Mr. Marriott's.

Following the wedding, a large reception was held at the home of the bride's parents, and was attended by several Centerville friends of the young couple.

On Friday, November 15, Mrs. Sidney Westray, Canyon Heights, was the hostess at a miscellaneous shower for Miss Beatrice Self whose marriage to Mr. Don Fore of Niles, took place on November 23.

The evening's entertainment was centered around the opening of the many lovely gifts which the honoree found placed under a large pink and blue umbrella.

Later in the evening the hostess served dainty refreshments of salad, canapes and a pink and white decorated cake with the names "Bea and Don" written on it. The refreshment table was made attractive with large white chrysanthemums and silver candlesticks holding tall white tapers.

GAS HEAT FOR WINTER COMFORT

Taking it easy with house heating is one of the big reasons why life is better in California. No work and trouble tending a fire, no muss and fuss or ordering of fuel and worrying about price or delivery.

With gas heating you can relax and enjoy comfortable, trouble-free, uniform heat—hour after hour, day after day. And yet with all this luxurious convenience gas heating is by no means costly. On the contrary, it is the most economical fuel to use. If you are planning to remodel or build a home insist on a modern, adequate gas-fired heating system for the entire house.
